

# Greece: Sacred Earth Expedition

May 13 – May 20, 2022

# Join us

on this magical mission, for a once in a lifetime opportunity to accompany **Asil** on our Sacred Earth Expedition in Greece, along with a core team of experienced facilitators, including **Mathilde** and **George** from Ascension One Collective.

On our Sacred Earth Expeditions, we visit places where humanity and its diverse traditions have built meeting places, temples, sanctuaries, to connect to ancestors, to spirit, to nature, to Earth, the cosmos.

The ancient Greeks had profound spiritual and wisdom traditions, and built some of the most powerful and exquisite temples and sacred sites of any era. We will visit these sites, experience their energies, and help support the transformation of Earth's grid.

This is an invitation to participate in this historical, spiritual and community experience. It will be an experiential immersion, supporting you in reconnecting to your greatest potential, in a group of committed Sacred Earth Practitioners, facilitators, and the divine guides that have guided Asil to these sites.

Join us in Greece to share in this unique and valuable experience of a profound and deeply evolved ancient culture.

**We look forward to meeting you and sharing this deep work together at this time of remarkable transformation.**

*Many Blessings,  
Sacred Earth Expedition Team*

# Meet Your Facilitators

Asil is an Austrian-born channel. His work includes group energy alignment sessions, and the channeling of celestial guides, as well as working on energetic alignments of sacred sites around the world. He has traveled widely to be able to do this work.

For the past nineteen years, Asil has been deeply committed to a spiritual path while also training in a variety of different energy healing modalities. He has worked with many masters and lineage holders of various traditions in South America, North America, and China. In his earlier years he also served as a CEO and corporate executive in software, marketing, and communications.

Six years ago, during a moment of deep spiritual experience, Asil connected for the first time to the channeled angelic guides and energies that he works with today. They assisted him through an intensive spiritual and energetic transformation process. This created a connection that allowed him to begin to receive and transmit energy, as well as spoken wisdom from these angelic and celestial realms.

Mathilde & George are spiritual mentors, teachers and channels combining over 25 years at service to support humanity's evolution. The day they met in Dubai, they instantly unified their forces and love to grow the English and Arabic communities of Pillars of Light and practitioners.

They met Asil at the beginning of 2018, from which emerged a solid and fast growing collaboration, resulting in making a significant impact in the Middle East and in their work.

Now recently settled in France and parents of a little girl, Mathilde & George look forward to meeting you at this unique and life changing Greece expedition.

There is no aspect of your life separated from your spiritual path and there is no aspect of you that is not of divine origin.
